GOOD VS EVIL -- Rainbow Brite in "The Mighty Monstromurk Menace" introduces a new villain who is out to destroy Rainbow Brite. Monstromurk, a laboratory creation of Murky Dismal has an electromagnetic force so powerful that he can drain all color from the earth, making it a colorless wasteland. He has been held prisoner in a bottle for 700 years but escapes before Murky Dismal and Lurky can master this uncontrollable force. Monstromurk heads to Rainbow Land and begins to remove the color from the Land. Rainbow Brite, a magical horse named Starlite, the Sprites, and the Color Kids work together to ward off these evil forces and keep the colors in the world shining bright. Produced by D.I.C. Enterprises, Presented by Hallmark, and distributed by SFM Entertainment, the specials will air _____ at _____ over Channel _____.
